UNIQUE STUDENT IDENTIFIER

Students undertaking nationally recognised VET courses need to apply for a **Unique Student Identifier (USI)**, which must be provided to Suzan Johnston Australia management upon commencement. Under the legislation, Suzan Johnston Australia cannot issue a Statement of Attainment or a Certificate of Qualification to a student without a verified USI.

What is a USI? <https://www.usi.gov.au/about-us>

For VET students, the USI gives you access to an online record of your nationally recognised training in the form of [a VET transcript](#). This can be used when:

- applying for a job
- seeking a credit transfer
- demonstrating pre-requisites when undertaking further training.

The USI consists of 10 alpha-numeric characters (For example, 3AW88YH9U5).

- To create a USI, please visit:
<https://www.usi.gov.au/students/how-do-i-create-usi>.

If students are unable to create a USI, they can authorise Suzan Johnston Australia to apply for one on their behalf (consent from a parent or legal guardian is not required).

Personal details will be protected from misuse or unauthorised access by the Privacy Act 1988 (Cth) and the Student Identifiers Act 2014. Suzan Johnston Australia will not use or disclose these details to a third party except where required by law.

For further information about Unique Student Identifiers, including access, correction and complaints, go to the [Australian Government USI](#) website.

TRANSFERRING TO OTHER COURSES (FEE FOR SERVICE AND GOVERNMENT-FUNDED STUDENTS)

Students can transfer their enrolment to an alternate course and/or commencement date. Transferring to another intake will require a new Training Plan Schedule.

UPFRONT ASSESSMENT OF NEED - GOVERNMENT-FUNDED STUDENTS ONLY

Suzan Johnston Australia is committed to ensuring, as much as possible, that students enrolled in our training course are provided with the support services they may need while studying. To ensure students get the support they need to complete their training successfully, all government-funded students must participate in the Upfront Assessment of Need (UAN) process to determine suitability, support needs, literacy, and numeracy capabilities. (Those who have been issued with an AQF Diploma or higher-level AQF qualification in the past 3 years are not required by Skills SA to undertake a reading, numeracy and writing assessment, but still must undertake the suitability and support needs assessments.)

The UAN process is undertaken before training commences and involves an interview, a short-written questionnaire and an online Literacy and Numeracy assessment.

If support needs in reading, numeracy and/or writing are identified, students must complete the required foundation skills training (no charge) as a condition of their access to subsidised training.

Suzan Johnston Australia will discuss the UAN results and any further steps required for enrolling into the course. Note that the Department of Education provides additional training and support free of charge.

If students aren't keen to participate in the UAN, they can discuss other options for accessing training with the Customer Service Staff. The UAN is only required when students want to access a qualification subsidised by the South Australian government.

PRE-TRAINING REVIEW (FEE FOR SERVICE STUDENTS ONLY)

Suzan Johnston Australia is committed to ensuring, as much as possible, that students enrolled in Suzan Johnston training courses are given the opportunity to learn based on their current language, literacy and numeracy skills and have access to the support services they may need while studying.

Before formal enrolment into an accredited course, all potential students are required to participate in a formal Pre-Training Review.

The Pre-Training Review aims to collect relevant information on the students:

- Interests/Aspirations – to determine if the course meets their future employment or study opportunities
- Experiences – work and study
- Prior qualifications – to identify any exemptions for a unit of competency
- Technology access – to ensure they have the required equipment for the course
- Technology skills – to assess
- Support requirements

The Pre-Training Review encourages students to indicate if they have encountered any barriers or difficulties in learning or are aware of any LLN limitations that may inhibit their ability to complete their course successfully.

The student's completion of the Pre-Training Review enables Suzan Johnston Australia to develop a student profile that will assist management and trainers/assessors in better understanding each student's capabilities and ensure that the qualification and mode of delivery they seek to undertake is suitable and appropriate for their individual needs.

Refer to the section [Recognition of Existing Skills and Knowledge](#) for further details on RPL and Credit Transfers.

This Pre-Training Review includes an online language, literacy and numeracy (LLN) assessment and also encourages students to indicate if they have ever encountered any learning barriers, LLN limitations and/or if they are aware of any other issues that may inhibit their ability to successfully complete their course (e.g., illness, physical injuries, a planned break from studies, a language barrier etc.)

ASSESSMENT OF LANGUAGE, LITERACY AND NUMERACY (FEE FOR SERVICE STUDENTS ONLY)

As part of the Pre-Training Review, each student's Language, Literacy & Numeracy (LLN) capacity is established via an online LLN Assessment. The online LLN Assessment establishes a student's capacity across the following five (5) core skills:

- Learning
- Reading
- Writing
- Oral Communication
- Numeracy.

The training course includes the necessary language, literacy and numeracy tasks, which require the ability to:

- Read documents relevant to the subject matter of the course of study
- Interpret graphs and charts that relate to course content
- Perform simple but related calculations and measurements in course-related contexts
- Write sufficiently to undertake a career within the industry/profession being studied.

The Suzan Johnston Australia CHC30121 Certificate III in Early Childhood Education and Care provides materials, resources, assessment tools and tasks that do not require our students to have more complex language, literacy and numeracy skills than those used in the workplace and for the competencies being delivered and assessed.

ENTRY REQUIREMENTS (FEE FOR SERVICE STUDENTS ONLY)

The **minimum entry LLN requirements** for the CHC30121 Certificate III in Early Childhood Education and Care are as follows:

Core Skills	Learning	Reading	Writing	Oral Communication	Numeracy
Minimum entry requirement	2	2	2	2	1

INABILITY TO MEET MINIMUM ENTRY REQUIREMENTS (FEE FOR SERVICE STUDENTS ONLY)

If the minimum entry requirements are not met, we will endeavour to refer prospective students to external providers that can assist in the development of the required core skills, improving the student's ability to meet our entry requirements in the future.

Please note: External training to develop the required core skills will incur fees as determined by the individual institution/s and/or may affect the student's access to further funding eligibility.

Should it be identified that a student has LLN needs **that we can reasonably and professionally support**, a **Student Support Profile** will be generated.

The respective trainers/assessors will review the Student Support Profile and discuss support strategies with the student.

As each student advances through their studies in the course, trainers/assessors will continue to monitor their progress - ensuring that the support services that are being provided remain suitable and/or adequate.

If necessary, the student may also be required to undertake a follow-up LLN test to determine the effectiveness of the learning support and the progress made.

LEARNER SUPPORT SERVICES- GOVERNMENT-FUNDED STUDENTS ONLY

In one-to-one sessions, students can talk to and work with a qualified case manager. The case manager will support the student through their studies and can refer students to and talk to other service providers that could support the student.

MONITORING OF STUDENT PROGRESS

Throughout the course, students are monitored to ensure they achieve the required skills, knowledge, and competency levels. The trainer/assessor monitors each student, observing their acquisition of skills and knowledge as demonstrated in their ability to participate in class discussions, completion of learning activities and submission of assessments. If the trainer/assessor feels that the student is not acquiring the required competency, changes will be made to the course schedule and/or additional support will be provided to ensure the student completes the course with the necessary skills and knowledge to be industry ready.

STUDENT ENGAGEMENT

The following engagement approaches and strategies are in place to ensure our students are supported during their studies:

- Students have clear information about how to access student support and learner support services
- Learning materials cover all aspects of a unit of competency and all necessary information to enable competency to be achieved
- Learning materials are adaptable to a wide variety of students
- Students are engaged in learning and monitored to ensure they continually progress through their program
- Students are assessed against the unit of competency, and practical skills are assessed via virtual technology (this is dependent on the assessment requirements of the unit)

VIRTUAL FACE-TO-FACE CLASSES

Suzan Johnston Australia is committed to creating a virtual training environment that is conducive to the success of all students using Zoom. To this end, we endeavour to foster a supportive and encouraging atmosphere where students feel safe, secure, and free from discrimination or harassment. This environment is designed to enable students from a wide range of backgrounds to achieve success and ensure their individual needs can be met.

Access to Zoom is appropriately maintained, secure, and a productive and safe work environment for students and trainers/assessors. Students can only access classes via a meeting link and password.

The virtual classes are live and interactive trainer-led learning experiences where students can hear and see the trainer delivering regularly scheduled lessons. Students

can ask questions during each lesson and participate in individual and group activities and class discussions.

CLASS ATTENDANCE AND STUDENT ABSENCES

Note: Not applicable for students completing the course as a self-paced, however, students are expected to attend scheduled student support sessions with the trainer/assessor.

Suzan Johnston Australia requires students to attend all scheduled classes unless a valid reason prevents them from doing so.

Students will need to notify the trainer/assessor BEFORE their absence (or as soon as reasonably possible in an emergency).

Students who fail to attend one or more classes for a unit of competency will be required to attend the classes they have missed with an alternate intake. Students are not able to miss classes and simply 'catch up' at home – they need to be present for in-class discussions, formative learning activities etc.

It is a Skills First Program requirement that students who need to 'make up a missed unit' must be issued with a new Training Plan Schedule detailing the new unit commencement/completion date.

There is no charge for the rescheduling of units in your Training Plan Schedule in the first instance. However, further instances of rescheduling a unit/s will incur an administration fee of \$50.00 per request to reschedule the unit/s.

IMPORTANT

If a student is absent from class for one week without contacting their trainer/assessor, the Office Manager will issue the student with a **Warning Letter**. If no response is received from the student within five working days, the student's enrolment will be cancelled.

Students' course fees do not cover private catch-up tuition/lessons. Private training is available to students upon request at a rate of \$75.00 per hour.

PRE-READING

Students will be required to complete pre-reading before the commencement of the class. The trainer/assessor will advise the students of the pre-reading requirements before the unit commences.

LEARNING ACTIVITIES

During each class, students are provided with learning activities to help develop and practice skills. Learning activities are completed individually or in a group, depending on the unit requirements and the skills/knowledge involved. In some instances, students can work through the learning activities at their own pace.

Any learning activities not completed during class time are completed as homework. Students must complete all learning activities before commencing the assessments. If

the student hasn't completed the required learning activities by the final class, they can extend the due dates for the assessments.

All learning activities must be emailed to the trainer/assessor at the completion of the class and include:

- Student's full name as registered under the USI

GLOSSARY OF INSTRUCTIONAL TASK WORDS

Your assessment tasks use a range of instructional words – such as 'compare' and 'list'. These words will guide you in the level of detail you must provide in your answers. Some questions will also tell you how many answers you need to give – for example, 'describe **three** strategies...'. Use the glossary below to guide you on interpreting the words in the tasks:

Analyse - This means you should break an issue down into its component parts, discuss them and show how they relate. You should discuss the issue in detail and methodically.

Compare - Identify the characteristics or qualities two or more things have in common (and you could point out their differences as well).

Describe - This means you should outline the most noticeable qualities or features of an idea, topic or the focus of the question.

Discuss - Point out the important issues or features, key points, possible interpretations, and debate through argument. You should provide reasons for and against.

Explain - This means you need to make something clear or show your understanding by describing it or providing information about it. You will need to make clear how or why something happened or is the way it is.

Examine - This means you must look at, or consider, the item or subject carefully and in detail to discover something about it. You will need to provide a detailed response

with key points and features. You should provide a response with as much detail as possible, but a minimum of one or two paragraphs in length. Examine is similar to analyse.

Identify - You must recognise something and indicate who or what the required information is. The length of the answer should be guided by what you are being asked to identify.

List - You must record short pieces of information in a list form – with one or two words, or sentences on each line.

Outline - You must give a brief description of the main facts or sequence of events about something. The length of the response should be guided by what you are required to outline. As long as you include the main facts or points, then that's enough.

Summarise - You must express the most important facts or points about something in short and concise form

ASSESSMENT DUE DATES

Assessment due dates are specified on the course schedule.

EXTENSION OF DUE DATES

A student **MUST** request an extension to the due date of an assessment with the respective trainer/assessor at least 48 hours before the date stipulated on the course schedule. All extension requests must be emailed to the trainer/assessor.

FILE NAMING FOR ASSESSMENTS

Student files are to be named as follows:

- First Submission: Unit Code, Assessment Name, v1
E.g., CHCECE041 Theory Guide v1
- Second Submission: Unit Code, Assessment Name, v2
E.g., CHC ECE041 Theory Guide v2

SUBMISSION OF ASSESSMENTS

All assessments are to be saved as a PDF version and submitted via the Suzan Johnston Learning Management System.

If students need to provide supporting evidence, such as videos/photos that are too big to send via email, they must transfer the files to the trainer/assessor using [WeTransfer](#). Note: We Transfer provides a free account; however, there is a limit of 2 GB per Transfer.

Before submitting the Assessment, on the front page of the Assessment, students must:

- Include:

- their full name as registered under the USI
- the name of the trainer/assessor
- the date the Assessment is submitted (date expressed as day/month/year)
- Read and agreed to the Assessment Terms

If students are submitting an assessment for a second time, the date on the front page of the Assessment must be updated to reflect the second submission date.

RESUBMISSION OF ASSESSMENTS

If an assessment has been deemed Unsatisfactory, the trainer/assessor will provide you with appropriate feedback to ensure you understand what is required for a Satisfactory result. You can only submit Assessments two times during the course. Any further resubmissions will be at the discretion of your assessor and may be subject to review by our Curriculum Manager who will determine the final acceptance decision.

If you are unsatisfied with the final decision, we encourage you to refer to our Student Complaints and Appeals Policy as outlined in the Student Handbook.

Refer to the section [Student Appeals](#) for further details.

RESUBMISSION PROCESS:

You will have ten (10) days to resubmit the Assessment to the trainer/assessor.

1. Open the original version of your Assessment
2. The first answer is not to be deleted; the new answer is to be added below in a different colour.

For a unit that is submitted via the LMS, when submitting for the second time, select **"Add a new attempt"**

Add a new attempt based on previous submission

This will copy the contents of your previous submission to a new submission for you to work on.

Add a new attempt

This will create a new blank submission for you to work on.

IMPORTANT INFORMATION FOR GOVERNMENT-FUNDED STUDENTS:

CONTINUED FAILURE TO SUBMIT ASSESSMENTS BY DUE DATES

As a Government Subsidised student, it is a requirement that students keep up to date with course work and submit set assessment tasks by the due dates as stipulated on the course schedule.

Should a student fail to submit **three (3) consecutive assessment tasks** by the agreed due dates, the delivery of future units will be PLACED ON HOLD. This will provide the student with the opportunity to catch up on outstanding work. During this period, students will be provided with support from the trainer/assessor.

Once outstanding assessment tasks have been submitted, students will return to class and be issued with an updated training plan and course schedule.

REASONABLE ADJUSTMENTS

Suzan Johnston Australia recognises the need to make reasonable adjustments within our assessments and learning environment to meet individual needs. Examples of reasonable adjustments that Suzan Johnston Australia might make include providing:

- Note-taking support
- Course material in hard copy format
- Extra time or extensions for assessments
- Use of assistive technology
- Other adjustments that allow the student to meet the fundamental requirements of the Assessment

If students have any individual needs or special considerations, they are encouraged to discuss this directly with the trainer/assessor to determine the most appropriate support.

PRACTICAL PLACEMENT

It is a course requirement that students participate in a minimum of 160 hours of practical placement throughout the course. As per the CHC30121 Certificate III in Early Childhood Education and Care qualification, the following units have 160 placement hours (hours of work):

- CHCECE031 Support children's health, safety and wellbeing
- CHCECE032 Nurture babies and toddlers
- CHCECE033 Develop positive and respectful relationships with children
- CHCECE035 Support the holistic learning and development of children
- CHCECE036 Provide experiences to support children's play and learning

The trainer/assessor will assist the student with organising the practical placement. When selecting practical placement hosts, suitability is more important than availability. It is important that we only engage host employers who are screened and can provide suitable training in a safe environment under adequate supervision.

Before commencing practical placement, trainers/assessors will use their discretion in determining when each student is ready to commence practical placement. Factors that are taken into consideration include:

- Student's job readiness to commence practical placement
- Industry expectations and student's readiness to meet these requirements

- Student's understanding of WHS and other regulatory requirements
- Student's support needs

To ensure that students can fully develop the required skills and knowledge to attain the CHC30121 Certificate III in Early Childhood Education and Care, Suzan Johnston Australia recommends that students complete a minimum of **eight (8) hours of practical placement per week**. Please note that a student may need to complete more placement hours if they haven't achieved each unit's required skills and knowledge.

Students' practical placement experience **MUST** also be completed in rooms across all age groups of the centre (birth - 6 years).

DURING PRACTICAL PLACEMENT

During practical placement, it is expected that students will have the ability to either develop or observe the following skills:

- Working within the service's policies, procedures and philosophy
- Supporting children (birth months – 6 years) with:
 - Hygiene practices & care routines
 - Toileting, dressing/undressing

CHEATING, COLLUSION AND PLAGIARISM

Our training organisation expects that students will adhere to high standards of honesty and integrity in relation to the submission of assessments. Work submitted for Assessment must be the original work of the student. In addition, all forms of intellectual material must be used appropriately and with full acknowledgement to authors.

Any student found guilty of plagiarism or cheating will be penalised.

DEFINITIONS

Plagiarism

Plagiarism means copying and/or using someone else's work, ideas or anything else and then using it, submitting that material as your own without authorisation or acknowledging the original author. This includes information sourced from the internet, printed material/s, text book/s and work produced by other students.

Plagiarism includes the following:

- Word-for-word copying of sentences or whole paragraphs from one or more sources without clearly indicating their origin
- Failure to give credit for ideas, statements, facts or conclusions which rightfully belong to another
- Using very close paraphrasing of sentences or whole paragraphs without acknowledging or referencing the source of the original work
- Use of another person's ideas, work or research data without acknowledgement
- In written work, failure to use quotation marks when quoting directly from another, whether it be a paragraph, a sentence, or even a part thereof
- Copying computer files without clearly indicating their origin.

Plagiarism can be either intentional or unintentional.

Intentional plagiarism is when the act of plagiarism is deliberate and may include the intention to deceive the trainer/assessor. It includes the following:

- **Cheating:** deliberately acting dishonestly or unfairly to gain an unfair advantage in the Assessment
- **Collusion:** working with others and then deliberately presenting their work as your own
- **Enabling plagiarism:** permitting another student to copy your work – therefore contributing to plagiarism.

Unintentional Plagiarism is when the act of plagiarism results from either a lack of:

- Skill in referencing and/or acknowledging another's work
- Understanding or knowledge of what plagiarism is.

WHAT ACTIONS CONSTITUTE PLAGIARISM?

All of the following actions are considered plagiarism:

- Turning in someone else's work as your own
- Copying words or ideas from someone else without acknowledging the source
- Failure to put a quotation in quotation marks to indicate a direct citation
- Giving incorrect information about the source of a quotation
- Copying so many words or ideas from a source that it makes up the majority of your work, irrespective of whether you have acknowledged the source or otherwise
- Ghost writing by or for another student.

STUDENT'S OBLIGATIONS AND RESPONSIBILITIES

- To read, understand and comply with our Cheating, Collusion and Plagiarism Policy as detailed in this Student Handbook
- Take reasonable steps to ensure their work is not being copied or reproduced by other students
- Appropriately acknowledging any work that has been sourced from others. Apply suitable referencing as required.
- Before submitting each Assessment, read the assessment terms and agree that the submitted Assessment has been wholly completed by yourself and that you understand the repercussions of submitting work that is not your own

During your orientation session, trainers/assessors will explain our Cheating, Collusion and Plagiarism Policy to you in detail. You will then be required to sign the:

- **Training Plan Agreement** and the **Student Declaration and Consent** declaring that you:
 - Have read and understood the Cheating, Collusion and Plagiarism Policy as stated in the Student Handbook
 - Are willing to abide by Cheating, Collusion and Plagiarism Policy as outlined in the Student Handbook
 - Understand the repercussions and/or penalties if you are found guilty of plagiarism or cheating
 - Will complete all assessments (including any resubmissions) on your own, and you understand the repercussions of submitting work that is not your own.

QUICK GUIDE TO REFERENCING

USING GENERATIVE AI

This is a guide to present Suzan Johnston Australia's approach to using and acknowledging generative AI. Generative AI is evolving rapidly so this guide will continue to be updated.

We believe tools such as ChatGPT, Bing, Google Bard etc are helpful as well as disruptive, that they will feature in many workplaces, and that **rather than seek to prohibit your use of them, we will support you in using them effectively, ethically and transparently.**

Whilst they are attractively powerful and easy to use, they can also provide misleading or incorrect information, and can negatively impact your learning as they can offer shortcuts that reduce the need for the challenging thinking that is key to meaningful learning and the professional critical thinking skills you will need in the workplace.

Keep in mind your work must always be your own and you must credit your sources of information properly as per the examples in this handout. This includes the use of AI.

It is important you **do not use** AI tools to generate an answer and submit it as if it was your own work. If you do, you will be breaching academic integrity and at risk of being penalised. Here we explain **how AI might be used** and **how to acknowledge** its use.

Considerations for using generative AI in academic work

Before using generative AI, you should ensure that:

- You know whether or not it is permitted for your assessment
- You understand the limitations and risks of using generative AI.
- Your assessment / research remains your own work.

Generative AI can be a useful starting point to gather background information on a topic and to organise your information, but be aware that:

- Generative AI produces information that may be inaccurate, biased, or outdated.
- Generative AI is not an original source of information: it reproduces information from unidentified sources.
- Generative AI may fabricate quotations and citations.
- It is always best to refer to original and credible sources of information.

If you do choose to use generative AI tools, you must always:

- Critically evaluate any information it produces.
- Carefully check any quotations or citations it creates.
- Correctly document your use of the tools so that it can be appropriately acknowledged.

Referencing AI

The use of generative AI must be acknowledged where it has been used to assist with your assessments.

Correct requirement to include in acknowledgement:

- Name and version of the generative AI system used; e.g. ChatGPT-3.5
- Publisher (company that made the AI system); e.g. OpenAI
- URL of the AI system.
- Brief description (single sentence) of context in which the tool was used.
- Date the response was generated

For example:

I acknowledge the use of ChatGPT 3.5 (Open AI, <https://chat.openai.com>) accessed 4/3/2024 to summarise my initial notes and to proofread my final draft.

RECOGNITION OF EXISTING SKILLS AND KNOWLEDGE (RPL & CT)

The recognition process allows students to be granted exemptions for a unit of competency based on the skills, knowledge and/or competencies that they can demonstrate or have previously gained. These competencies may have been achieved through a variety of methods including formal/informal training, employment and/or life experience. The recognition process can either be achieved through:

- Recognition of Prior Learning (RPL)
- Credit Transfer

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning (RPL)

To have skills formally recognised in the national system, the trainer/assessor must make sure the student has the skills and knowledge to meet the industry standard. The student will be involved in a careful and comprehensive process that covers the content of all unit/s or qualification/s they can be recognised for.

Students will need to evaluate their current competence as part of the application for RPL for one or several units of competency. A self-evaluation process assists in checking whether the required skills and knowledge can be demonstrated to satisfy the performance criteria for the relevant unit/s. Students must be able to provide evidence against the elements to demonstrate competency.

For students to be eligible for RPL for the CHC30121 Certificate III in Early Childhood Education and Care, they must:

- Have a minimum of two years' work experience in an Early Education and Care Service (within the last 12 months)

STEP 1 – RPL APPLICATION FORM

The student completes the RPL Application Form and submits a copy of their resume and letter from the employer (if employed) with the Application Form.

The resume must provide a historical overview of the student's work experience, job roles and responsibilities, and application dates.

If the student is currently working, they will need to provide a letter from their employer verifying employment. This must include the following employment information: job role, responsibilities, employment status and length of employment (including start date). If employed part-time, the number of hours worked per week is required. The letter must be dated and signed by the employer.

The RPL Application Form is available at enrolment and orientation. Students have seven (7) days from commencing the course to submit the required documentation.

STEP 2 – INITIAL INTERVIEW

During the interview with the trainer/assessor, the student receives the Candidate Guide which includes the self-evaluation.

During this interview, the trainer/assessor will:

1. Explain how to complete the self-evaluation and the typical evidence that is required. Students do not need to provide evidence of every skill they claim they hold. Other processes, such as third-party verification, competency questions and workplace tasks, will be used to determine the final assessment decision.
2. Explain the third-party reporting. Students will need to ask their employer or other approved third-party person to complete a report on their performance within the workplace relevant to the units in the RPL application. During this meeting, the approved third-party person will be confirmed.

Upon receipt of the Third-Party Report, the trainer/assessor will contact the third-party representative to verify the details of the report.

3. Suggest workplace documents or other evidence the student may be able to access - giving them suggestions and showing them how to list evidence on the Self-evaluation Tool.

Evidence needs to show that skills and knowledge are up to date. Work documents and work samples provided as evidence in the RPL application must be current. Any such evidence which is over 18 months old is considered 'non-current' and should be supported by similar recent evidence where possible.

4. Ask the student broad questions about their expectations of the RPL process, work history, and relevant personal circumstances.

STEP 3 –SELF-EVALUATION

The student completes the Self-evaluation Tool, gathers evidence and provides the completed forms back to the trainer/assessor with the Third-Party Report on the agreed date.

On submission of the-Self-evaluation Tool, supporting documentation and Third-Party Report, an appointment is made to meet with the trainer/assessor.

Prior to this meeting, the trainer/assessor will evaluate all evidence from the initial interview notes, the student's responses on the Self-evaluation Tools, Third Party Report and any documents provided.

STEP 4 – THIRD-PARTY VERIFICATION

The trainer/assessor will review the comments and feedback provided in the Third-Party Report and arrange a time to discuss any additional questions based on this feedback with the third-party representative.

STEP 5 – COMPETENCY CONVERSATION

The 'competency conversation' provides an opportunity for the student to confirm their knowledge as identified on the self-evaluation tool and for the trainer/assessor to gather theory evidence for the units of competency.

In the competency conversation, the trainer/assessor will:

1. Ask questions and give scenarios that are related to workplace tasks and units of competency
2. Encourage the student to discuss examples of their work and the principles, knowledge and theories that guide their work
3. Make notes recording responses and the examples provided
4. Identify any gaps and recommend any additional documents or other evidence from the workplace.

STEP 6 – WORKPLACE ASSESSMENT TASKS

The student may be required to undertake one or more workplace assessment tasks. This is the student's opportunity to demonstrate their competence in a practical way whilst at work. If the student is not currently working, we will assist in finding a host employer to enable the practical task to be completed in the workplace.

STEP 7 – FINALISING THE ASSESSMENT DECISION AND RPL PROCESS

After reviewing all the evidence, the trainer/assessor will advise which unit/s have been recognised as competent or information on gap training to fulfil the

competencies of the unit/s. Gap training is developed according to individual needs and RPL may then be awarded at the completion of the gap training.

If Suzan Johnston Australia does not view the evidence supplied as sufficient to warrant recognition, students will be required to complete the unit/s. Depending on the time of the application and Assessment, this may need to occur with the next course intake.

In accordance with the Suzan Johnston Australia Student Complaints and Appeals policy, students are entitled to appeal this decision.

Refer to the section [Student Complaints](#) for further details.

STEP 8 – TRAINING PLAN / CERTIFICATES ISSUED

If RPL is granted for one or more units, the student will be issued with an amended Training Plan Schedule and the transcript of results will state that RPL has been granted for the unit/s.

RPL FEE (FEE FOR SERVICE STUDENTS)

Students are not required to pay an additional fee for an RPL assessment, nor will they be entitled to receive a discount/refund for the unit/s that credit is obtained.

RPL FEE (FOR GOVERNMENT-FUNDED STUDENTS)

Students will be required to pay an administrative fee of \$200.00 per unit of competency on the submission of the self-assessment form, resume, supporting documentation and third-party verification.

RPL submissions will not be reviewed until payment has been received. On granting the agreed exemption, an amended Training Plan Schedule will be issued, and the tuition fee will be adjusted and communicated.

CREDIT TRANSFER

Credit transfer relates to the recognition of any formal learning that may have been achieved through the student's participation in previously completed formal education and training (unless licensing or regulatory requirements prevent this).

Suzan Johnston Australia will recognise qualifications and/or statements of attainment that have been issued to a student by another education institution or training authority. Credit transfer can only be awarded for whole units of competency.

EVIDENCE REQUIREMENTS

To be awarded Credit Transfer for one or more units, students must present their Statement of Attainment or Qualification for authentication by Suzan Johnston Australia management. Based on the transcript, the Office Manager will prepare a Credit Transfer Application Form' and 'Third Party Release Form'. The Third-Party Release form includes your consent for Suzan Johnston Australia to verify your Statement of Attainment or Qualification with the issuing education institution or training authority.

Credit transfer can only be awarded for whole Units of Competency. As a result of a credit transfer, you will be issued with an amended Training Plan Schedule.

CREDIT TRANSFER FEE

Students are not required to pay an administrative fee for a Credit Transfer. On issuing an amended Training Plan Schedule and granting the agreed credit, the student is entitled to receive a discount/refund for the unit/s for they obtained credit.

STUDENT COMPLAINTS

During your studies at Suzan Johnston Australia, you may wish to raise a complaint or a matter of concern relating to your course and/or your Suzan Johnston Australia training experience.

Our management and training team value student feedback and endeavour to foster an open environment where students feel comfortable and confident in raising any concerns. We hope this culture allows for any minor issues to be resolved quickly, simply and without the need for escalation.

STEPS TO TAKE TO MAKE A NON-FORMAL COMPLAINT

STEP 1:

Students are encouraged to raise their complaint in the first instance directly with their trainer/assessor or the staff member concerned. This is appropriate when the student feels comfortable with a direct approach.

STEP 2:

If the matter is unable to be resolved at this level, or should the student feel uncomfortable raising the complaint with their trainer/assessor or the staff member concerned, then they should make an appointment with the CEO - Donna Leigh.

STEP 3:

Once the CEO has spoken to all parties involved and reviewed the relevant information in relation to investigating the complaint, then she shall make a judgement on a mutually acceptable resolution.

The CEO shall then respond to the student involved, outlining the agreed resolutions in detail, ensuring that all the student's concerns are addressed.

STEPS TO TAKE TO MAKE A FORMAL COMPLAINT:

In the event that a student has a serious complaint concerning their training or our organisation, or if the complaint relates to unlawful behaviour, i.e., illegal discrimination or harassment, then the student will be required to make a written statement of complaint.

STEP 1:

The student will be required to document details of their complaint on a '**Student Complaint Form**'. Copies of this form are available from reception or from any Suzan Johnston Australia staff member.

The completed form and any related evidence will be given to the CEO (or Office Manager if the CEO is unavailable). Any formal/written complaint will be viewed by the CEO within 48 hours of receipt.

The student will be contacted within a further 48 hours and a suitable appointment time will be arranged with the CEO.

During this appointment, the CEO will ask the student to clarify the details of their complaint and what the preferred resolution would be. The student will also be asked if we have permission to disclose the details of their complaint with any person/s directly involved, so we can fully investigate the concerns.

STEP 2:

The CEO will discuss the details of the complaint with any other parties involved, outlining the specific allegations that have been made, and giving them the opportunity to make a full response.

STEP 3:

After discussions and investigations have been completed, a formal response will be forwarded within seven days notifying the outcome and/or any further action.

Please note:

- Where possible, complaints will be resolved informally
- Students can choose to have someone with them to help in the discussions
- Suzan Johnston Australia views student complaints as an opportunity to review and improve our training methods and business practices
- Complaints will be responded to promptly and with minimum distress and maximum protection for all parties
- All complaints will be treated seriously, investigated thoroughly, and dealt with according to the merit of the complaint
- Confidentiality will be respected wherever possible within the constraints of the need to investigate the complaint fully
- All documentation relating to the complaint and the resolution of the matter will be kept confidential and will not be accessible to anyone who is not directly involved in handling the complaint
- Suzan Johnston Australia will not accept any anonymous complaints

The management of Suzan Johnston Australia reserves the right to decline to investigate a complaint if it is deemed to be frivolous, vexatious, misconceived or lacking in substance.

INABILITY TO RESOLVE A COMPLAINT

In the rare instance when the above avenues for complaint resolution have been exhausted, and the complaint cannot be resolved internally, students can:

1. Request a joint meeting with an appropriate external/independent agent to mediate. In this instance, Suzan Johnston Australia will arrange for an external complaint adjudicator to act independently and without fee for service.
2. Call the **National Training Complaints Hotline on 13 38 73.**
3. Contact the Australian Skills Quality Authority (ASQA)
<https://www.asqa.gov.au/students/complaints>

STUDENT APPEALS

WHAT IS AN APPEAL?

An appeal would arise if a student were unsatisfied with a decision that the trainer/assessor (or the organisation) made concerning an assessment outcome/decision.

STEPS TO TAKE WHEN APPEALING AN ASSESSMENT

STEP 1:

Students are encouraged to raise their appeal in the first instance directly with the trainer/assessor concerned. This is appropriate in matters where you feel comfortable with making a direct approach.

STEP 2:

If the matter is unable to be resolved at this level, then the student is required to complete a '**Student Appeals Form**'. This form should be attached to the relevant Assessment and given to the trainer/assessor for escalation. Copies of this form are available from reception or from any Suzan Johnston Australia staff member.

STEP 3:

The trainer/assessor will then arrange for this Assessment to be reviewed independently by another trainer/assessor qualified to assess that particular competency. The student will then be notified of the outcome of the appeal (whether the appeal has been granted or denied).

STEP 4:

If the matter is unable to be resolved at this level, then an appointment should be made with the CEO - Donna Leigh.

STEP 5:

In the rare instance when all of the above avenues for appeal resolution have been exhausted and the appeal cannot be resolved internally, the student can request reassessment by an appropriate external/independent agent.

If the appeal remains unresolved, students can:

1. Call the **National Training Complaints Hotline on 13 38 73.**
2. Contact the Australian Skills Quality Authority (ASQA)
<https://www.asqa.gov.au/students/complaints>

PLEASE NOTE:

Complaints about any assessment will be treated seriously, investigated thoroughly, and dealt with according to the merit of the complaint. Students are required to appeal an assessment decision within 14 days.

SUDENT BEHAVIOUR IN CLASS & DISCIPLINARY PROCEDURES

Suzan Johnston Australia strives to maintain a learning environment that is conducive to the success of all students, therefore disruptive or inappropriate behaviour by students will not be tolerated. Other students must not be prevented from learning/achieving by the socially unacceptable behaviour of others.

All students are expected to display suitable standards of behaviour that would be appropriate for the workplace. Such conduct includes (but is not limited to) the following points:

- Abusive or vulgar language will not be accepted
- Students must not engage in any behaviour that threatens the safety or well-being of any student or staff member.

Students must respect the rights and dignity of all other students, clients and staff members. All students must be treated equally regardless of their sex, disability, ethnic origin or religion. All students are deserving of equal attention and opportunities.

Any breaches of discipline will result in the student receiving a verbal warning. Further breaches will result in the student having to show cause as to why they should not be excluded from further participation in the course.

BREACHES OF DISCIPLINE

Students are required to behave in a cooperative and professional manner at all times during classroom sessions, assessments, and break times.

If any student is found to be behaving in contravention of relevant contractual obligations and/or company policies, the incident will be recorded and reported to the CEO, who will assess the claim and act if necessary.

Students who consistently jeopardise the learning environment for other participants will face disciplinary action and may be expelled from the course.

DISCIPLINARY PROCEDURES

Any breaches of discipline will result in the instigation of Suzan Johnston Australia disciplinary procedures, which may include:

Verbal Warning

Disruptive conduct or initial failures to display/maintain expected standards of behaviour will result in the student being given a verbal warning. A verbal warning would be appropriate for minor disruptions or cases of misconduct.

Written Warning

Failure to meet expected behaviour standards may require Suzan Johnston Australia management to issue a written warning to a student. The first instance of a major offence or case of misconduct may demand the issuance of a written warning or first and final warning (see below).

Final Warning (may also be First and Final)

In the event of continuing behavioural issues or misconduct, a student may be issued a final warning. In the event of major misconduct in the first instance, a first and final warning may be issued.

Show Cause and Exclusion

Further breaches after a final warning or initial cases of gross misconduct (e.g., theft, violence, drug use) will result in the student having to 'show cause' as to why they should not be excluded from further participation in the course. Failure to show reasonable cause will result in the student being excluded from the course.

Should a student have any questions about the disciplinary process, they should consult their trainer/assessor or the CEO. If a student wishes to object or lodge an appeal against the disciplinary action taken, they have the right and opportunity to follow the Suzan Johnston Australia Complaints Procedure.

Refer to the section [Student Complaints](#) for further details.
